

# Nazzareno

An Exalted pilot on board the Sojourner [Enigma of Hours](#), whose primary task is to ferry starships into the *Enigma's* hold for safe passage. Reports to [CAPTAIN EIDHIN](#).

“A walking engine of glittering metal it was, standing on arms like articulate ropes of steel, arms which supported a head—for head it seemed—bullet-shaped and large as a man’s torso. With eyes red as coals and glittering as a spider’s it watched us, unmoving.

No one spoke. Not for a long time.

How many arms were there? Seven? Eight? Each terminated in four jointed fingers like the petals of some grotesque flower, and each was splayed on the floor.

“Permission to come aboard, sir?” When it spoke, it was in a curious high voice, strangely accented, lilting almost as a Jaddian’s. It sounded . . . young. Like a boy newly at his post. Somehow that made the effect more terrifying.
