

319th Centaurine Legion

Legion featured in [Tales of the Sun Eater, Volume 1](#), **Not Made for Us**, where soldiers stationed aboard the [ISV Inviolate](#) were suddenly decanted from fugue to assault an approaching Cieclin worldship. Specific context surrounding the battle is not given, but it likely occurs in the Norma Arm of the universe and features Carax of Aramis, a character that is featured in [Demon in White](#). This character mentions that he was present at the Battles of [Aptucca](#) and [Hermonassa](#). Hermonassa does not fit the description of this story, and while Aptucca is a possibility, there is no mention of [Hadrian Marlowe](#) or the Cielcin prince [Ulurani](#). This tale likely describes Carax's first-time encounter with the Pale—an experience that would continue as the Crusade raged on.
