Vorgossos

“ A mythical Extrasolarian world said to be the domain of demons and of pirates.
- Tor Paulos, Empire of Silence

In *Disquiet Gods*, Vorgossos is revealed to have been located a few light years from Old Earth in the Spur of Orion. However, Kharn Sagara had "built massive engines into the planet's pole in imitation of the might star-drives of the Cielcin." When Bassander Lin and the Empire returned to the planet's original location, following the events of *Howling Dark*, they found only desolate space.

Primarachate: See spoiler text above.

Province: Unknown

Known Prefectures:

Unknown

Locations of Interest:

The Garden of Everything: A garden in the Undying's Pyramid Palace on Vorgossos reminiscent of the Garden of Eden of antiquity.

The Orchid Stair: A lush, subterranean passage in the Undying's Pyramid Palace on Vorgossos. A winding descent through an artificial garden filled with hanging orchids, Nipponese torii arches, and bioluminescent "fairy-lights," marking the path to a final gate at the bottom of the Well.

The Underground Sea: A subterranean ocean buried beneath the Undying's Pyramid Palace on Vorgossos, situated in a vast, lightless cavern. Once used for geothermal power, it is now a place of mystery inhabited by eldritch forces beyond understanding.
